

# Tabletop Display Sponsorship

**Show and sell your products to the \$30 billion school construction market!**

**Schools of the 21st Century Symposium**  
April 3, 2009  
Marriott San Diego Hotel and Marina

## A Tabletop Display at the Schools of the 21st Century Symposium puts you right in the middle of the action!

With the likelihood of increased funding for education as a result of the new administration's Economic Stimulus Package...the April 3, 2009 **"Schools of the 21st Century Symposium"** represents a powerful opportunity for your company to make an impact on hundreds of school design and construction decision makers. Architects, school board members, and administrators will learn how to make better school design decisions at the **"Schools of the 21st Century Symposium"**, co-located and held the day before the NSBA Conference, at the Marriott San Diego Hotel and Marina. This is a prime opportunity to display your products and to network – building the contacts that lead to school contracts!

No other offering connects you with the groups that have the greatest influence on school construction:

- **The architects who design the schools**
- **School construction decision makers** (e.g., school administrators and school board administrators)

## For one low cost, we will provide:

- **A six-foot table for your tabletop display**
- **Tabletop sign with your logo**
- **Company listing (not logo) on signage throughout the event, and**
- **Mailing list, to help in your marketing outreach (one-time use).**

What an easy, affordable way to impact the market, to influence key specifiers and to generate sales leads. It's simple. **Just sign up, send us your logo and show up at the show, ready to "Show and Sell!"**

**Symposium Tabletop Display Package . . . . . \$2,500.**
